Nothing further to add.

Forecast for Wednesday 18 Aug 2021
Weather: Similar to Wednesday with predominantly overcast skies bringing some patchy rain and drizzle, with hill fog most extensive in the west, though probably more in the way of brighter spells breaking through, particularly towards the northern end of the Trossachs.

Maximum wind: West to northwest starting mean 20-25mph with gusts reaching 35mph across most exposed ridges and summits, then gradually easing from mid-morning.

Chance of cloud free mountain/hill tops above 800m: Ranging from 10% in the far west and 60% towards the Trossachs.

Visibility: With bases for most extensive and low visibility will be generally poor or very poor, but mainly good towards the Trossachs.

Temperature: **Glens:** Plus 7 Celsius lifting 19 Celsius during the afternoon
At 800m: Plus 8-10 Celsius
Freezing level: Above all summits
